

Alarm Sets

Pressure Pad Alarm Sets

Consists of a soft, thin pad (placed on top a bed mattress; on a chair or wheelchair seat) and a control unit (typically mounted on the bed or chair). The pad senses changes in weight and pressure; if the patient/resident gets up from a bed or chair, the alarm sounds.

Alarms	Features	Products	Accessories
Bed Pad & Alarm Set	<ul style="list-style-type: none"> • Functions no matter where resident weight is applied to pad. • Metal connector pin.
